Certificate  
OCT 11 2007  
of Correction

Dear Sir:

A request is being made for a Certificate of Correction in the above-identified patent which issued with the following errors identified by page and line from the application file.

Page 6, line 22 through page 7, line 2, please insert:

Each of the partition panels 10, 11, and 12 include a partition panel frame 16 having vertical frame members 17, each of which includes a vertical row of openings 18 for supporting hang-on accessories such as worksurfaces 19 (Fig.1) and the like. An upper horizontal frame member 20 has the same cross-sectional shape as the vertical frame members 17, and includes a horizontal row of openings 21 that may be utilized to support the raceways 5 or 5A, as well as various other accessories. A lower horizontal frame member 23 includes a pair of feet or glides 24 to support the partition freestanding on a floor surface 25. The horizontal or base member 23 and glide arrangement is substantially the same as the existing Steelcase AVENIR system, such that these features will not be described in detail herein. Furthermore, the partition frame 16 is described in detail in the above-identified co-pending patent application entitled **PARTITION PANEL**, such that the frame 16 will also not be described in detail herein.
